Universal Forest Products®

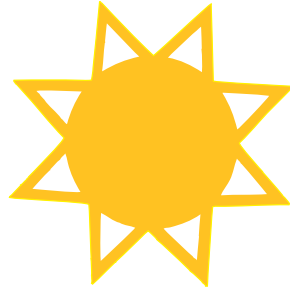

Faced with career decisions?
Here is your career weather advisory.

Universal Forest Products offers entry-level career opportunities in a number of fields nationwide. Choose a career track and make your talents, expertise and leadership abilities grow.

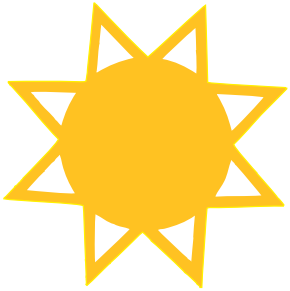

General Outlook

How HOT is your future? Universal has job opportunities nationwide. Which career track paints a sunny forecast for you?

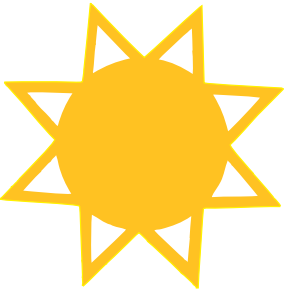

Production Management

Great growing season for people who enjoy making things – and making things better. We predict strong opportunity for folks who appreciate the reward of improving objectives and surpassing goals (safety and productivity at a plant, for example) and who have an inclination for the art of leadership – figuring out what it takes to move people to achieve results.

Sales

Stratospheric opportunities for people who have what it takes to be successful in sales: strong interpersonal and communications skills, a solid education and/or background in our markets, enthusiasm to close the sale and an unquenchable thirst to be the best. Offers clear, focused targets to grow your success and reward.

Engineering/Design

Sizzling outlook for engineers (and engineers-in-training) interested in designing the best products on the market and building a career and opportunity in the process. Use precision, ingenuity and knowledge to design components and advance your opportunity in highly competitive atmospheres.

Universal Forest Products®

A career with Universal Forest Products can shield you from the downpour of uncertainty. Heat things up with a company that offers an exciting, dynamic atmosphere. Known for growing its people, opportunity and leaders, it's an international powerhouse in the lumber supply chain with a reputation for being the best. At Universal, the degree of your advancement has no limits.

To ensure sunny conditions no matter where you are in the country, weather your career with Universal.

Universal Forest Products:

- named one of 60 “Cool Places to Work” in Michigan in 2005 by Crain’s Detroit Business and the Grand Rapids Business Journal.
