HELPING YOU TAKE FORM,

No job too big. No form too small.

Whether you specialize in tilt-wall or precast forming, Universal has the right products, service support and field expertise to get your project off the ground in a hurry.

Universal's concrete forming products can be used for both precast jobs and for the tilt-wall industry. Our forms are available in a variety of lengths and depths in dimensional lumber and EWP, with species designed specifically for concrete forming.

With Universal's efficient distribution of custom concrete forming products, everything is delivered and ready to use. There's no need for on-site cutting which helps keep the area cleaner, reduces labor, lead time and waste.

Our core products include:

- Concrete forming plywood
- Chamfer
- Reveal
- EWP
- LVL/OSL/LSL/OSB
- Dimensional lumber
- Dunnage

Architectural precast

Our onsite project consultants will assist with delicate architectural forming processes to ensure you get exactly what you expect in the precast process. Universal will also supply dunnage for your architectural precast product to eliminate scratching and abrasions during transportation. By running our own equipment, we're able to help with your just-in-time delivery needs.

Coast-to-coast coverage

Thanks to Universal's coast-to-coast coverage, you can rest assured we'll have the right forming lumber to support your needs, no matter where you're located. In fact, each one of our plants works directly with the mill to make certain the lumber products you need are available.

We're sure you'll be impressed with how we'll help shape your next project. We're on job sites every day assisting architects, contractors and developers, ensuring the proper amount of the right material is purchased.

POUR AFTER POUR™

Just-in-time forms

We work directly with the mills—and that makes Universal unique. We're able to supply you with tilt-wall and precast forming material on a just-in-time basis. We'll even make you look good by helping you stay on schedule and save on lumber purchasing.

National single-source supplier benefits

We have the purchasing power and capacity to be your single-source nationwide supplier.

We'll help reduce your dependence on "local only" suppliers by leveraging the production and service capabilities of our many facilities, nationwide. We can deliver custom-specified forming products direct to the tilt-wall job site or precast facility.

Working directly with our manufacturing facilities allows us to react quickly with accurate deliveries and big time savings. When timing is critical or when product is needed in multiple locations, Universal delivers on time, every time.

Universal Forest Products brings its nationally known sales and service model to concrete forming. We have created a team of product experts whose sole focus is providing a complete range of products for concrete forming.

Direct from one of our lumberyards or from the mill, Universal Forest Products has the broadest range of wood-based forming products that help you get the job done right, pour after pour.

ABOUT UNIVERSAL

Founded in 1955 as a lumber wholesale office serving the manufactured housing industry, Universal Forest Products today manufactures and engineers:

- Wood and wood-alternative products for Do-It-Yourself retail home centers
- Engineered wood components for the site-built construction market
- Specialty packaging, crating and components for the industrial market
- Structural lumber products for the manufactured housing industry

Universal is the nation's leading producer of pressure-treated wood and North America's largest manufacturer of engineered roof systems for manufactured housing and site-built construction. The company is America's leading buyer of solid-sawn lumber and is the largest customer of North America's largest mills. That translates into exceptional purchasing power, which is just one of the many benefits Universal customers enjoy.

The people of Universal have a work ethic and a collective determination unparalleled in American industry today. The company's senior management enjoys virtually zero turnover—most senior executives have been with the company for decades—which accounts for the breadth and depth of the company's knowledge and relationships.

Headquartered in Grand Rapids, MI, Universal is a multibillion-dollar corporation that is publicly traded (NASDAQ: UFPI), with many facilities across North America.
