

INDUSTRIAL HARD CASES

Many companies can sell you a case, but only one offers fully customizable case solutions. UFP Franklinton, LLC, is collaborating with GEMSTAR™ and Flambeau® to offer industrial case solutions fully customizable to protect your most valuable assets. Made of high-density polyethylene, our cases are built to withstand even the harshest environments while protecting the valuable contents within. Plus, UFP Franklinton offers the following services to make your solution stick out from your competition:

Design Consultation Our team will work with you to come up with a truly one-of-a-kind case.

CNC Routing Capabilities Our technology allows us to make cases in all shapes and sizes.

Color Options Our cases can be produced in any color—to complement your needs and your brand identity. Build a case that makes your brand stand out in transit or in the field.

Custom Foam or Molded Interiors Whether your product is larger or small or has many components, we can create a custom interior to make sure it fits securely in your case and won't get damaged during transport.

GEMSTAR[®]
